Some of the equipment illustrated or described in this leaflet may not be supplied as standard equipment and may be available at extra cost. • Hyundai Motor India reserves the right to change specifications, schemes and equipment without prior notice. • Functionality of BlueLink depends on adequate power supply and uninterrupted network connectivity to infotainment system. The BlueLink system is designed in such a way that it makes vehicle theft difficult if its circuit and battery connection is uninterrupted. • Hyundai Motor India recommends you to avoid using backcovers for mobiles while charging your phone on the wireless charger. • Segment is defined by comparable SUVs whose length lies between 4 405-4 630 mm, width between 1838-1969 mm, petrol engine capacity from 1 368-1999 cc & diesel engine capacity from 1956-1997 cc. Hyundai SmartSense, the Advanced Driver Assistance System is not a substitute for safe and attentive driving. Its effectiveness depends on various factors. Availability of Hyundai SmartSense Features may differ by variants. • Alexa Amazon Echo device is not a standard car/ accessory & customer needs to purchase from third party. Actual Echo device may differ from the one shown. Hyundai BlueLink Amazon skill/Action on Google only works in India and can be interacted in English & Hindi. Alexa Skill / Action on Google functions only in select Hyundai car(s) and depends on your device compatibility, software and availability of network and device internet. • The all-new Hyundai TUCSON (Petrol) has lowest average yearly periodic maintenance service cost of ₹2 349 for 5 years in Delhi. Source: Cardekho.com. • Complimentary maintenance includes free labour and consumables. • The colour plates shown may vary slightly from the actual colours due to the limitations of the printing process. Please consult your dealer for full information and availability on colours and trim. *Terms & conditions apply.

IONIQ 5

WINNER
2022 WORLD CAR AWARDS
 WORLD CAR OF THE YEAR
 WORLD CAR DESIGN OF THE YEAR
 WORLD ELECTRIC VEHICLE OF THE YEAR

Electric - Global Modular Platform (E-GMP).

Hyundai IONIQ 5 is the first vehicle built on Hyundai's new Electric-Global Modular Platform (E-GMP). Created with proprietary technologies developed by Hyundai, this dedicated battery electric vehicle platform enables faster charging, increased driving range, more interior space and better handling. The battery pack's position ensures ideal weight distribution and enables improved handling performance. Installing the battery under the floor pan also eliminates the center tunnel, which results in a perfectly flat floor. That in turn increases leg room and enhances the feeling of openness and roominess throughout. These are based on 4 key pillars

Usability

Flat floor resulting in increased space by eliminating rear centre tunnel and allowing optimum seat utility.

Performance

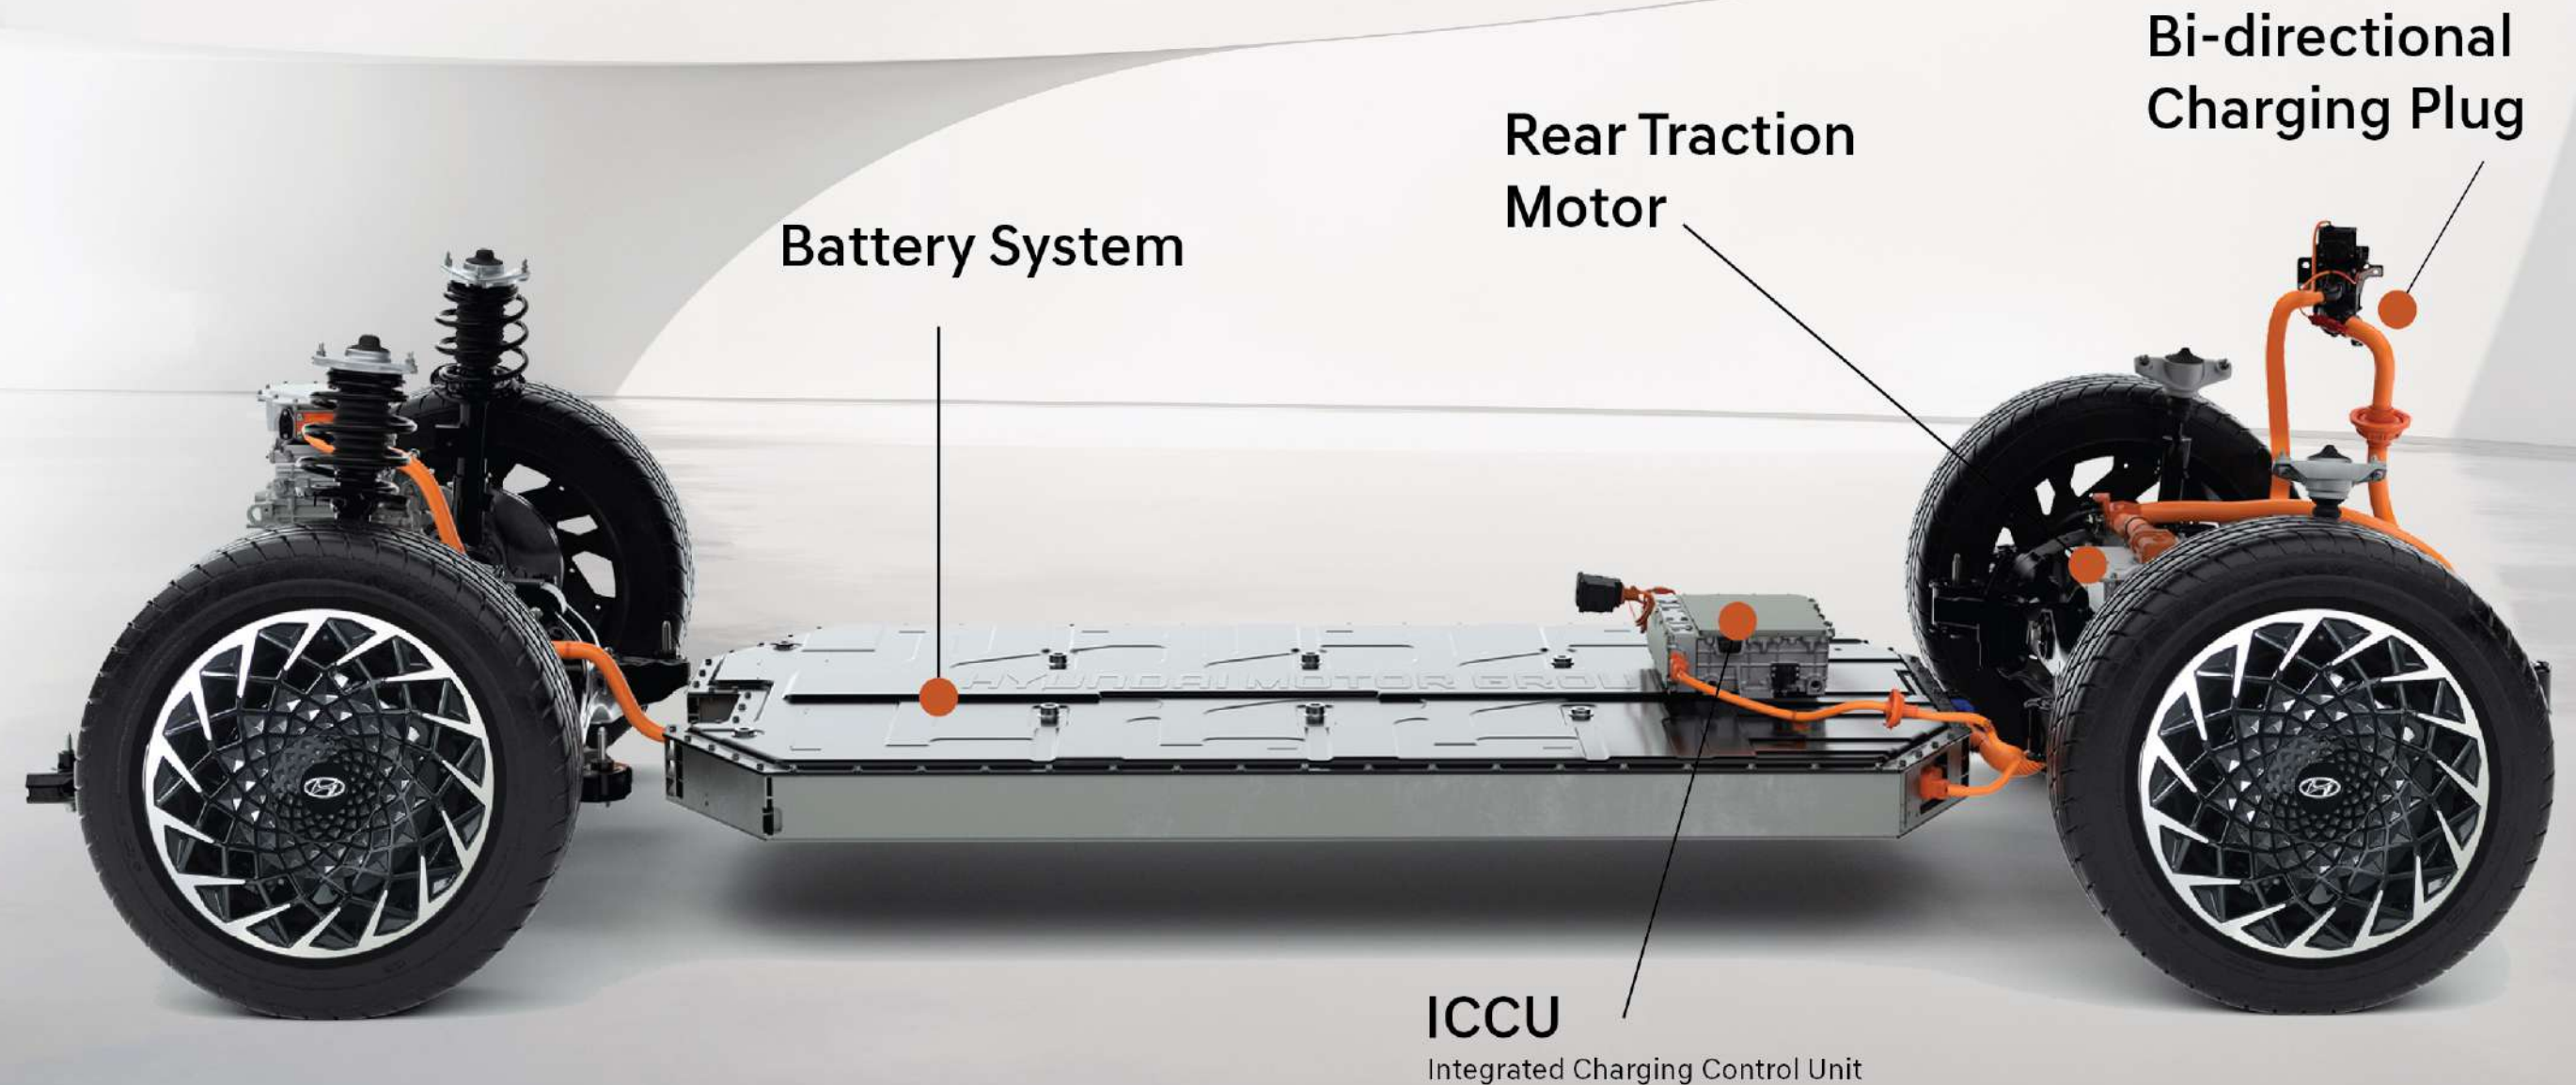

Compact all-in-one system (Motor-Inverter-EV transmission) for an improved driving experience.

Reliability

Battery & cabin protection with an integrated structure of battery pack & body.

Modularity

Multiple segment vehicle development with various battery module compositions.

Battery System

Rear Traction Motor

Bi-directional Charging Plug

ICCU
Integrated Charging Control Unit

IONIQ 5

Power your world.

Breathtakingly beautiful and amazingly advanced, Hyundai IONIQ 5 redefines the way people look at electric vehicles. Elegantly combining innovative concept car design with amazing performance, environmentally friendly materials, and an astonishing array of smart tech - this all-electric SUV is a game changer. Capable of ultra-fast battery charging with a 350 kW DC charger it can be charged from 10% - 80% in just 18 minutes and deliver a driving range of up to xx km per full charge - it has been created to take you further with faster charging and incredible design.

Power to go places with driving range upto xx kms per charge.

Going beyond limits

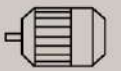

Electric has rarely travelled this far before. Hyundai IONIQ 5 offers an increased driving range and better handling. It is also equipped with the world's first multi-high-speed charging system, which is compatible with a wide range of charging infrastructures. Now if this is not iconic, what is?

Unlimited possibilities with Vehicle-to-Load.

The Hyundai IONIQ 5 empowers you to charge or power your electric gadgets anywhere, anytime. The innovative Vehicle-to-Load technology (V2L) lets you make the most of sustainable electric mobility. There's an on-board socket located in the backseat. And if you're out at the beach or exploring on your own, you can carry your entertainment devices and charge them using a converter that plugs into the bidirectional exterior charging port. The V2L charging port provides up to 3.6kW power even when the vehicle is turned off.

Maximum amount of power output.

3.6kW

Crafted by nature.

Hyundai IONIQ 5 redefines what sustainable mobility looks and feels like. It's designed to be an example of how we can create a better future for the next generation. With eco-friendly materials and nature-inspired colors, IONIQ 5 puts sustainability at the centre of their brand vision.

Recycled PET bottles

The seats and door trim are covered with material woven from fibers made from recyclable transparent PET bottles.

Paperette

Look closely at the detailing on the door and you'll find 100% recyclable paperette. Made from HDPE, it has the same lightness and texture with the traditional paper.

BIO paint

The dashboard, switches, steering wheel and door panels are coated in a special BIO paint made with rapeseed flowers and corn extracts.

Eco-processed leather

The leather used for the seats was processed in an eco-friendly manner through the use of flaxseed oil extract.

Eco-friendly fabric

The magnetic fabric pads, headliner, floor carpet, and floor mats are made with eco-friendly textiles manufactured with sugarcane extract.

Exquisite opulence.

The spacious interior proudly redefines comfort in mobility. From the moment you step inside, you'll be welcomed with warm color tones with calming ambient lights, hi-tech features and an inviting interior design with impressive cabin space.

Premium relaxation seat

Ventilated and heated seats

Sliding center console

Memory seat configuration (all seats)

Other features : Eco-processed leather seat upholstery | Rear seat 60:40 split folding | LED ambient mood lighting

Living space.

Sliding center console

An innovative movable center console that can be moved back by up to 140mm, allowing passengers in the second row to access it easily.

Premium relaxation seat

Both front seats are designed for best-in-class comfort with leg rest that offer passengers a restful in-vehicle experience.

Memory seat configuration (all seats)

Front seats and second-row seats are power-adjustable and can move forward and backward at the touch of a button, enabling passengers to use the vehicle's interior space in a flexible way.

Hyundai SmartSense

Smart Cruise Control with Stop & Go function

Hyundai SmartSense

Hyundai SmartSense technology offers an intuitive sense of safety that keeps the driver and passengers always protected. It enhances your driving experience into one that is convenient and stress-free.

Forward collision - avoidance assist - junction turning (FCA-JT)

Surround view monitor

High beam assist (HBA)

Rear cross - traffic collision warning (RCCW)

Lane following assist (LFA)

Blind-spot collision warning (BCW)

Other features - Electronic stability control (ESC) | Vehicle stability management (VSA) | Hill-start assist control (HAC) | All 4 disc brakes
Tyre pressure monitoring system (TPMS) [highline] | Virtual engine sound system (VESS)

Intelligent technology

Experience the sublime power of state-of-the-art mobility technology in the Hyundai IONIQ 5. Home to car with Alexa and Google Voice Assistant enables you to start your Hyundai IONIQ 5 from the comfort of home. The integrated display centrally manages the status of the 31.19 cm (12.3") touchscreen infotainment with navigation. The touch panel is easy to operate, and the highly visible graphics enable a safe and easy ride.

Home-to-car

Other features : AC vent on B-pillar | Hands free smart power tail gate with height adjustment | Steering mounted audio and bluetooth control

Hyundai BlueLink Connected car technology.

Bose premium sound system (8 speakers)

31.22 cm (12.3") digital cluster

Safety to its core.

The Hyundai IONIQ 5 is equipped with the best technology has to offer to keep you safe on the road. This silent EV is a boon for pedestrians while 6 airbags, surround view monitor and our collection of cutting-edge Advanced Driver Assistance Systems ensure the Hyundai IONIQ 5 has everything it takes to ensure driving convenience and peace of mind.

6 Airbags

Virtual engine sound system (VESS)

Surround view monitor

Other features : Electronic stability control (ESC) | Vehicle stability management (VSM) | Hill-start assist control (HAC) | Tyre pressure monitoring system (TPMS) [highline] | All 4 disc brakes |

Definition of timeless.

Hyundai IONIQ 5 has a captivating design that stands apart. Smooth and seamless with a strong focus on minimalism, it flaunts an exquisite clamshell hood that spans the entire width of the car – minimising panel gaps for a clean, high-tech look. Precisely modelled surfaces and shapes give Hyundai IONIQ 5, an angular aerodynamic look. The side graphics are highlighted by flush door handles that vanish further enhancing the clean look. Distinctive active air intakes, sharp lines and hidden charging port give the vehicle a sleek modern look. The crowning glory are the distinctive LED headlamps with their 256 Parametric Pixels – unique jewel-like design elements that are further enhanced by the aero-optimized wheels.

Vision roof

Premium front LED accent lighting

R20 (D=512.8 mm) Parametric pixel design alloy wheels

Parametric Pixel LED headlamps

Auto flush door handles

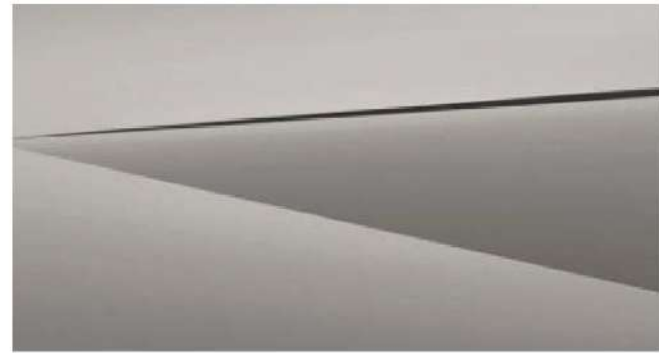

Parametric pixel LED taillamps

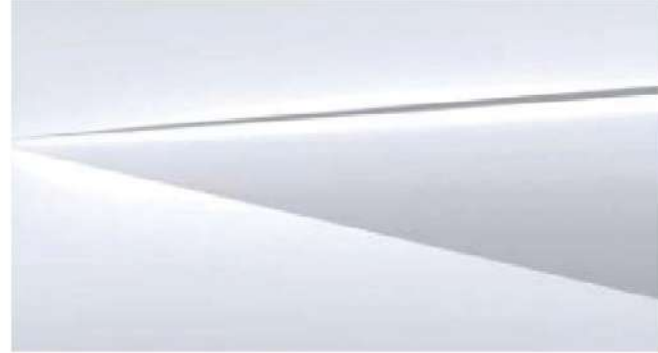

Other features : Active Air Flap (AAF) | Shark fin antenna | Z shaped graphics | Rear spoiler with LED high mount stop lamp (HMSL)
